If the foal resulting from the covering does not survive 24 hours after its birth, is stillborn or the foetus is resorbed, the mare`s owner has the right to have the mare covered again the following breeding season.

If, in the event of a second insemination, additional frozen semen is required, a frozen semen fee of 250,00 Euro will be charged for three portions. In the event of a serving the mare by fresh semen, the mare owner accepts the costs of the ejaculation process. The stud fee does not have to be paid again.

§ 4

The stallion is paid into the following breeding programmes: NRHA SSP and DQHA SSA

§ 5

Terms of Shipment

1. The shipment of the semen ensues right after complete payment. In the case of mating through the stud farm Bachl the mating will only take place right after the payment is completed.
2. The portage for semen shipment has to be covered by the MARE OWNER. The portage is directly invoiced by the stud farm and is due right after bill receipt.
3. The frozen semen has to be stored and processed by competent staff only. The MARE OWNER is responsible for adequate and orderly processing of the semen.

§ 6

Final Clauses

1. German law applies exclusively to these contractual relations.
2. The place of fulfilment and jurisdiction is Regensburg as long as there are no binding legal regulations opposed to this.
3. If a term of this contract is or becomes invalid partially or in general, the validity of the rest of the contract will not be affected.
